June Program

Spring and Summer Orchid Culture

Our June 14 meeting will feature a panel discussion on aspects of orchid culture during the spring and summer months. Our panel will present useful information that will be applicable at this time of year. The discussion will be led by four of our long time members and seasoned growers whose bios can be found [HERE](#). The panel members will answer any questions you might have, so jot them down! If you have any plants you have questions about, please bring a piece SEALED in a zip-loc bag with its name.

Refreshments

Refreshments this month will be provided by Bridget Binko, Rita McCarthy, Kathleen and Terry Whettam, John Kramarz, Patrick Jagger, and Fred Valentine. Thank you and don't forget to get your free raffle ticket!

Opportunity Table

The society will be providing budded plants from Hawaii for the opportunity table.
